

To the FCC, I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere. I pay for these services and don't think it should be up to the National Association of Broadcasters to dictate what I'm permitted to hear. Respectfully I urge you to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.
